MEMORANDUM FOR:

25X1

Attached herewith is emergency plan, which I mentioned to you the other day. The delay between July and now is explained He got hung up with Kirk on it and Kirk felt that he would incorporate much of it in the long range planning document. Some of this actually does appear in that document on pages 15 - 17.

Since then, he has talked to Red White and the whole thing seems to be a little bit in limbo. Actually the recommendations are fairly bland.

I can't see anything particularly wrong with it on a reasonably fast reading. You may uncover some inaccuracies, but I suspect we educated him a little on our particular field when he was here talking to us before.

Actually I think he does a good job of developing the legal case for the DCI not changing his status in time of emergency.
